

PARENT HANDBOOK

Early Childhood Education and Quality Child Care

PROGRAM STATEMENT

East End Scholars is part of a greater community support system for families. We work hard to create an inviting, caring, warm and safe environment where parents are encouraged to participate as the families grow and learn together. We believe that all children are naturally motivated to explore, discover and learn. Providing them an enriched environment that supports their freedom to explore will encourage them to become learners who are self-motivated.

Our understanding of children and families has evolved over time and is influenced by experience, collaboration with families and our community partners. We understand that all families are different and that a child’s most important teachers are their parents, who want what is best for their children and who know them best.

We believe in a “heart centered” approach to our profession. A child’s social and emotional growth are the primary focus of our trained and caring teams. These are part of the key foundational skills for success in later life. Environments that provide for role modelling and full adult engagement in play are some of the ways we contribute to the child’s social and emotional well-being.

As proud providers of a high quality licensed childcare program in Hamilton, we actively participate in ongoing quality initiative programs within our child care community. Our child care Centre’s are fully licensed by the Ministry of Education and we are regulated under the Child Care and Early Years Act, 2014.

Evidence from diverse fields of study tells us that early year’s programs play an important role in supporting children’s learning development, health, and well-being. Our Registered Early Childcare Educators work with the Ministry of Education’s *How Does Learning Happen? (HDLH)* framework; Ontario’s Pedagogy for the Early Years as a professional learning resource. At the core of this framework are relationships and this structure helps guide those working with young children and families. The foundations of *HDLH* include; Belonging, Well-Being, Engagement and Expression.

Belonging

Belonging – Every child develops a sense of belonging when he or she has a sense of connectedness to others, forms relationships and makes contributions to a group and a community.

Engagement

Engagement - Every child is an active and engaged learner who explores the world with their body, mind and senses. When able to explore, and play they begin the journey of inquiry where they begin to develop skills that will form the foundation for success in later years.

Well-Being

Well-Being – Mental and Physical health is of primary importance. Fostering their capacity for self-awareness and self-regulation contribute to a child’s sense of well-being.

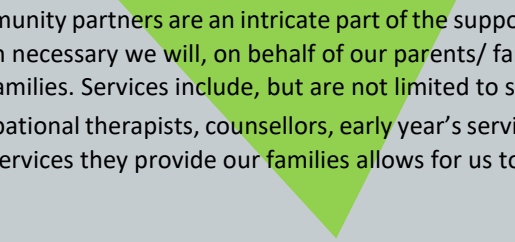

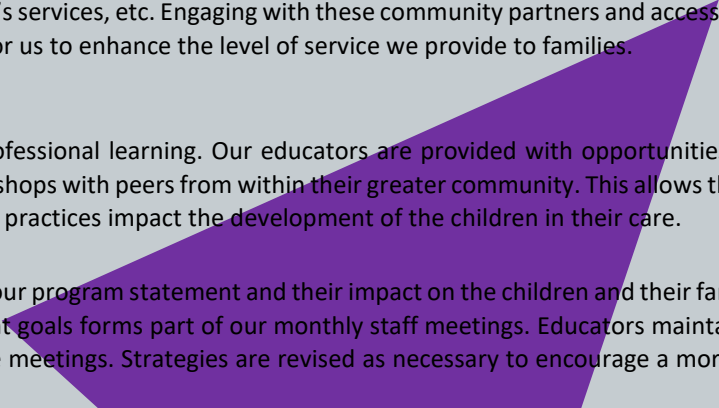

Expression

Expression – This takes many different forms. Every child is a capable communicator and they develop the ability for the many aspects of communication; verbal and physical. Rich, engaging environments support the development of their capacity for increasingly complex communication.

The Four foundations are wholly encompassing of a child’s journey through learning. Individually they represent only a small part of what it is that every child seeks to achieve.

OUR GOALS

1. At East End Scholars we ensure an overall experience of warmth, caring and family. We promote the health, safety, nutrition, and well-being of the children. Our on-site kitchen allows for us to provide nutritious, home style cooked meals that follow the Canada food guide. Our overall daily practices throughout the center and on the playground, provide for an environment that promotes the health, safety and overall well being of all our children.
2. All staff will support positive and responsive interactions among the children, parents, and child care providers. Our qualified team of Registered Early Childhood Educators (RECE's) will continuously engage with the children and support their learning and social development through play and exploration. The individual needs of each child will be documented and communicated with parents to encourage positive responsive interactions. We use email, newsletters, and social media to connect with families. In addition, to face to face conversations on a daily basis.
3. Children benefit socially, emotionally and physically from a positive approach. We encourage children to interact and communicate in a positive way and support their ability to self-regulate. Our team at East End Scholars model appropriate behavior and support our children in communicating positively when conflicts arise. We teach our children to recognize feelings in themselves and others that will help them self-regulate and enjoy better relationships.
4. Exploration and inquiry are part of the foundation for learning. Our qualified team of Registered Early Childhood Educators (RECE's) cultivate and encourage curiosity, exploration, play and inquiry to support a child's intellectual and social development. Children are encouraged participate in a variety of activities and to make choices. This experience is supported by educators whose documented observations allow them to be attentive to the child's individual needs.
5. We provide child-initiated and adult-supported experiences Through their observations, the team of Registered Early Childhood Educators at East End Scholars discover a child's interests, implement activities around that interest, guide them to expand their knowledge and support their learning experience.
6. Active play and social interaction form a large part of a child's development. Teachers plan and create a positive learning environment based on observations of a child's interests that highlight their needs, limitation and skills. Teachers positively support a child as they challenge them intellectually, physically and socially to gain and improve on their competencies. We plan for and create positive learning environments and experiences in which each child's learning and development will be supported.
7. Overall well being includes a child's need for physical activity and rest during the course of their day. Our program incorporates both indoor and outdoor play as well as a period of time for rest or quiet time. We understand that each child's needs are individual, as are the needs of their family. Parents are encouraged to communicate any special circumstances or instructions at any time to ensure the team is meeting the child and family's requirements. All members of the child care team practice consideration to support them when this proves to be the case through on going communication with the family, observations and documentations.
8. Communication is a vital part of the teacher, parent relationship. All child care team members are committed to open and honest communication with all our families. Parents are encouraged to take part in conversations relating to the program and how their children participate in the program. Educators engage with parents when there are concerns regarding their child's interactions with other children or teachers. These are documented to ensure there is a record. Ongoing written observations are made when necessary and parents are then addressed if and when a pattern is established. Teachers positively address the needs of all parents when it concerns the center, program or their child.

9. Community partners are an intricate part of the support system we provide families, children and our team to address their needs. When necessary we will, on behalf of our parents/ families contact community partners and assist them in accessing services for our families. Services include, but are not limited to speech therapists, support services,
 10. occupational therapists, counsellors, early year's services, etc. Engaging with these community partners and accessing the support and services they provide our families allows for us to enhance the level of service we provide to families.
 11. We support staff in relation to continuous professional learning. Our educators are provided with opportunities to fulfill their continuous professional learning through workshops with peers from within their greater community. This allows them to interact and reflect upon their practices and how those practices impact the development of the children in their care.
 12. Document and review the strategies set out in our program statement and their impact on the children and their families. Ongoing and critical reflection of our program statement goals forms part of our monthly staff meetings. Educators maintain written logs of their daily reflections for discussion at these meetings. Strategies are revised as necessary to encourage a more positive level of teacher, child and parent interaction.

OUR CORE VALUES

Authenticity – To provide all families with “real” experiences, where children are encouraged to be themselves (authentic) while learning and familiarizing themselves with the social expectations of playing in groups.

Honesty - We are committed to honest communication, no matter the message. We understand that some conversations are difficult; however, the needs of the child are primary and they demand honesty if children are to be set on the path to success.

Integrity - Building trust with families requires that our integrity remains unquestionable. We encourage an open-door policy to allow for parents to see that we do indeed "practice what we preach".

Commitment - When we commit to families, this often goes beyond just child enrollment. For us, this is about supporting families in any way we can. Every day our teams assist families with their needs; some of these extend beyond the realm of child care and we are there to serve.

Quality - This is about the overall experience. Can we guarantee that we can give you everything you want? No! Can we guarantee we can give your child what they need to see themselves flourish? Yes!

Our quality is bigger than paint on walls, whole wheat bread and gluten free; it’s about people; those with compassion, love, empathy, patience and genuine heart; and we have all of that!

Our centre's reflect the care and attention that our teams deliver every day to the families they serve.

1. Children currently enrolled and needing to graduate to the next age group;
2. Siblings of children currently enrolled;
3. The children in the part-time Program would have next priority on day care spaces and vice versa;
4. There may be other urgent/ special circumstances that dictate we prioritize the allocation of spaces. In such cases, we reserve the right to do so.

Waiting List Process

1. Our waiting list is managed on a "first come, first served" priority basis. Families who register are asked to observe the process as laid out below.
2. Register with the Centre via email, or online. Once the form is received your child will be added to the wait list according to the date the application was received and your child's birth date.
3. Be mindful and strategic of your expected start month, you may also put the earliest start month you will consider for enrollment. You are willing to start in March but you really need a space for May.
4. No registration fee is payable at this time.
5. Tours of the Centre can be scheduled Monday - Friday mornings between 9:30 to 11:00am or afternoons between 2:30 to 5:00pm. We encourage you to take advantage of this opportunity and an appointment is necessary.
6. If there are any changes to your contact information, please notify our Centre right away. Please contact our Centre every 3 months to confirm that you would like your child's name to remain on our waitlist. We review our list every 3 months and remove names of those who have not been in contact with our Centre.
7. There is no specified length of time that you need to be on the list to be offered a space. Spaces are created when a family or child leaves the Centre. There is no specific time however the months of July, August and September have the most movement, Spaces can be available at any time of the year and at point in the month.
8. We are usually able to contact families 4-6 weeks before any given space, as parents are only required to give us two weeks notice of their withdrawal. Only once the withdrawal is confirmed in writing can we begin to find a family for the space.
9. With all spaces, available the Centre, the Supervisor will call all families who are eligible to start in the age group where the spaces are available. All parents who are waiting for a particular month are contacted when spaces are available. Even if the month you specified has already passed if your child is still within the age group of the room they will be offered a space.
10. Once a family is called from the waiting list they are given a specified time frame to return the call and express continued interest in the space available.
11. From the families that return our call within the specified time, the family with the highest seniority date will have first official refusal of the available space.
12. If a child is offered a space for an age group, we will let you know the likely hood of them moving over to the next age grouping, for e.g. if your child enters the toddler room at 28 months there may or may not be a space for them in the preschool room right at 30 months however we will be able to give you a sense of when they will be able to move and the possibility.
13. Once your child is officially offered a space, if you would like to accept it, you will be required to provide a 1-week deposit of your child's fee for the age group. This deposit will be applied to your child's last month of care provided that the appropriate notice is given.
14. All Children that are accepted into Child space there is a required registration fee.
15. All families that express continued interest in a space and are not successful will be contacted to let them know that another family has filled the space.
16. If you are called for a space and do not wish to take it at the time, your place/seniority on the waiting list remains the same.
17. You may call at any time to change the information for you file with no consequence for e.g. Moving from the Toddler list to the Preschool list.
18. You will remain on the centers list until you have asked us to take you off.

How Our Child Care Wait List Works

1. Our Centre operates at capacity all year round and we also keep an extensive waitlist. Therefore, it is advisable to put your child's name on our wait list as early as possible.
2. Licensing requirements limit the age and number of children we can have in any classroom.
3. We recommend that you research childcare options other than ours, if we are unable to accommodate you.
4. Access to the waiting list will be provided in a manner that protects the privacy and confidentiality of other children on the list.

Declining a Space

We understand that the offer of a childcare space might not come at a time that works for your family. The first time a space is declined, we will keep the child's name on the wait list in the same order, if requested.

If a space is declined a second time, the child's name will be moved to the bottom of the wait list.

After the third refusal, the child's name will be removed from the wait list, altogether.

In the event that a medical or social incident of any significance occurs that causes a child moderate discomfort, a written report will be completed containing the nature of the incident and the actions taken as a result of the incident.

A copy of the report will be reviewed with the parent of the child/children involved and signed by the parent. The parent will receive a copy of the report and a copy will be retained in the child's file at the centre.

DUTY TO REPORT

The legislation specifically requires individuals who perform professional or official duties with respect to children such as the "operator or employee of a child care facility," to report suspicions of child abuse. If in the course of their professional duties, the supervisor and/or staff of the child care centre have reasonable grounds to suspect that a child may have been abused, the suspicion, and the information upon which that suspicion is based, must be reported immediately to a Children's Aid Society.

SAFE ARRIVAL/ SAFE DEPARTURE AND RELEASE OF CHILDREN

In order to ensure the safety of the children the Centre entrance is secured by a locking mechanism and camera. Parents are requested to use caution when entering or exiting the building to avoid unknown persons entering the building.

In order to meet legal requirements, you are required to escort your child to and from the classroom when dropping off or picking up.

It is the responsibility of the registering parent to notify the Centre, in writing, of all persons authorized to pick up the child. A child will not be released to anyone who is not listed on the registration form as authorized to pick up.

In the event that the child is collected by someone not listed as authorized, it is the responsibility of the parent to provide identity information(First and Last Name), in writing (email, fax, etc.), to the Centre prior to pick up and the Centre will insist on photo identification from that person before the child is released. If the person is unable to produce the necessary identification, the child will not be released, and the authorities will be summoned immediately.

From time to time, it may be necessary for parents to show photo identification if a staff member you are not familiar with is releasing the child.

In case there are restrictions put up by any court orders for the release of a child a valid copy of the court orders should be provided to the Centre. A child will not be debarred from release to either of the parents unless court documents given state different.

LATE ARRIVALS

The late arrival of a child is disruptive to those children already in the program and negatively affects the day's schedule and rest periods. This is unfair to other children. All children are to be dropped off by 9:30 am unless informed of any appointments. In view of this and to ensure all children have access to the benefits of a full day's program, without disruption, the following policy guidelines will be enforced:

1. It is the responsibility of the parents to advise the daycare prior to 9:00 am if your child will be arriving later than 9:30 am. If you know you will be arriving late you are asked to call the center.
2. Meals, crafts, etc. are prepared based on expected numbers, and we will assume a child is absent if they are not at the centre by 9:30am in the morning. When arriving late you are asked to escort your child to their group.

3. Morning snack is served daily at 8:10 am and children who arrive after 8:50 am will miss morning snack. The center does not provide a substitute snack.
4. Children will not be admitted to the center after 9:30am unless prior arrangements have been made with the Centre Supervisor. The Supervisor will inform the relevant teacher once the arrangements are agreed with the parents.
5. Children will not be admitted to the centre after 11:00 am as lunch takes place along with rest/ quiet time (12:00 – 2:00 pm) as it is disruptive to other children.
6. Children are not to be left at the main door or to go to their classroom without the person dropping them off accompanying them.
7. There will be no refund on fees for any days where a child is refused admission to the centre for late arrival.

LATE PICK UP PROCEDURES & PENALTIES (NON-Base Fees)

If a child is left at the centre after normal hours, staff will attempt to contact the child's parents first. If we are unable to contact the parent, we will proceed to the listed emergency contacts to pick up the child.

You are requested to make every effort to contact the centre and make alternative pick up arrangements if you are running late. A fee of one Dollar (\$1.00) per minute late will be charged for late pick up. This must be paid to the staff member present at pick up or to the centre Supervisor within the next business day.

INCLEMENT WEATHER/ SNOW DAYS

It may not be possible for East End Scholars to open due to extreme weather conditions. Every reasonable effort will be made to open. However, the safety of your child and our staff members will be primary consideration before closing the Centre. In some instances, the Centre may open late once travel conditions have improved. If, by 10:00AM weather conditions do not allow for a safe commute, then the Centre will remain closed for a snow day.

While every effort will be made to communicate closures or late openings, parents are asked to visit the East End Scholars Facebook page and website or the 900 CHML website, check the link for schools/daycare closures for information before heading to the Centre. Email communications will be sent to advise parents of any closures or delayed opening hours.

No refund on fees will be provided on such days.

OFF-SITE EXCURSION POLICY

The toddler and preschool programs may take walking excursions in the local community including parks. These excursions will not include motor transportation. No private vehicles, other than the case of a parent/guardian transporting his/her own child, will be used for transportation of any child in any program provided by the East End Scholars.

Parents will be notified in writing as to the details of any excursions two (2) weeks prior to the excursion. Written parental authorizations forms will be distributed and must be signed and returned to the Centre in order for your child to participate. Parents are encouraged to accompany his/her child on a field trip. An authorization form will be provided to all parents that acknowledges parental permission for a child to leave the premises for neighborhood walks and visits to local parks.

In the event of an emergency, staff will take children's portable records, First Aid kits and a cellular phone. Additional adults, to equal or exceed the required ratio, must accompany the group. East End Scholars staff will direct the accompanying adults in supervision of

the children with an emphasis on safety. East End Scholars staff will be responsible for accompanying single children or pairs away from the group to the washroom.

We may take children on an off-site excursion activity only when the child's parent has been advised of the activity, including the transportation and supervision arrangements with respect to the activity, and the child's parent has consented in writing to the child's participation in the excursion activity. Parents are always welcome to join us on off-site activities provided they have successfully fulfilled the requirements as set out in the Criminal Reference Check policy. Please let a staff member know as soon as possible if you will be joining us.

WITHDRAWAL PROCEDURES

Should it become necessary, a two-week written notice must be submitted to the centre Supervisor prior to the withdrawal date. This notice must indicate the date of the notice as well as the date of the last day of attendance. Verbal notice of withdrawal will not be considered a withdrawal notification. All tuition and any other related fees are due and payable during the two-week notice period.

Once a notice of withdrawal is received your child's classroom space will be filled. To re-enroll, normal registration fees will apply. Your child will then be considered for enrollment based on space availability.

TEMPORARY WITHDRAWALS

Any child, who is temporarily withdrawn from the centre, will not have a space held for them. They may request to be placed on a waiting list.

Prior to releasing that space to someone else, the parent will be notified and given the opportunity to purchase the space or be left on the waiting list.

DISMISSAL/ DISCHARGE

All children, parents and staff of the centre have the right to work and participate in a safe and non-threatening environment. All instances of a child or an adult who compromises the safety or sense of security of others will be treated seriously and the incidents duly documented. The Child Care Centre's primary considerations are the well-being of the children at the Centre and the staff who care for them.

The centre staff will make every effort to meet the individual needs of each child enrolled in the program. There may be situations, however, where we may not be able to meet these needs and when necessary the parent(s) will be kept informed of all efforts and areas of concern through formal and informal discussions with teachers and the centre supervisor. All meetings with parents will be well documented.

First and foremost, at East End Scholars, is our commitment to providing a safe, secure and healthy environment for all our children, parents and staff. In the childcare environment children are vulnerable to common illnesses such as colds, flu and intestinal viruses. In the event that your child becomes ill while at the centre, we will take the proper action as deemed necessary by the circumstances of the illness.

When a parent is notified to remove the child from the school to prevent the spread of illness, this must be done immediately. The following list reflects some of the common signs of illness that require a parent's immediate notification:

- Fever of 38.0c/101F or over (axilla/underarm)
- Vomiting
- Diarrhea (two or more occurrences in a 24-hour period)
- Undiagnosed skin rash/condition
- Communicable disease
- Lethargy and irritability (any child who appears "unwell")
- Undiagnosed cough (frequent bouts 3-5 times per hour, especially if choking or vomiting) • Sore throat, ear ache, discharge from ears or eyes

If a child becomes ill during the day, the parent will be notified to pick up the child immediately. If the parent cannot be reached, the designated persons on the registration form will be contacted. It is the responsibility of the parent to provide updated information for those designated for emergency or alternative pick up of the child.

Depending on their symptoms, a child may be isolated from the other children and kept comfortable until they are picked up. These rules are in accordance with the Local Health Department and the Child Care and Early Years Act regulations and are aimed at maintaining optimum health in the Centre.

In rare circumstances, the centre staff may take additional emergency action as deemed necessary to care for your child. When such action is taken the centre, the Supervisor will contact 911 emergency services and follow the instructions of the emergency medical personnel. If the instructed to do so, by the medical personnel, the centre staff will ensure that your child is transported to the nearest medical facility. In such emergency situations the centre Supervisor and Management will contact you as soon as the situation allows. As the parent of the child, you assume full responsibility for payment of such medical services.

A child who has been exposed to or contracts a communicable or infectious disease may not return to school until the disease is no longer contagious. A certification from a doctor who has expertise in communicable and infectious diseases may be required before the child before the child is re-admitted to the classroom.

All children must be free of abnormal temperatures for a minimum of 24 hours, without the administration of fever reducing medication and show no signs of illness when returning to the classroom.

Parents will be notified, in writing, of any specific disease or medical concerns the child may be exposed to at the centre. It is the responsibility of the parent to notify the centre staff and Supervisor when the child is exposed to or contracts an infectious disease or any other illness outside of the centre in order for the centre to communicate to other parents and to be aware of the symptoms should they appear in other children.

We do not reimburse any fees charged by a medical doctor for notes required by the Centre.

ADMINISTRATION OF MEDICATION

Parents must complete, in full, and sign a medication form for the administration of medication for the child during the school day. The form is available from the centre Supervisor and details the dosage of the medication to be administered. Any potential adverse reaction to the medication must be listed on the form so the child can be properly monitored and the parents notified accordingly.

East End Scholars will administer only those medications specifically labelled as a prescription with a doctor's name, child's name and dosage procedures outlined on the bottle/ container. No over the counter medication will be administered without a written prescription from a licensed medical physician. Medications cannot be shared by multiple family members unless each person's name appears on the label.

All medication must be dropped off and picked up daily at the Supervisors office. These medications will be stored in a secure area inaccessible to the children. Medication may not be taken into the classroom by parents. No medication must be placed in the child's bag or taken into the classroom for any reason.

All medication will be administered by the designated staff member, as prescribed on the label. Special circumstances concerning the administration of medication must be discussed and agreed with the centre Supervisor. It is at the discretion of the Supervisor to make exceptions in order to meet the needs of the child and their prescribed medication requirements.

All medication must be taken home daily to ensure the correct parental control.

Snacks and lunch are social times in which conversation is encouraged. Teachers and children sit around the table in a family style seating arrangement. Children are encouraged to taste food but NEVER forced to eat. Food is NEVER withheld from a child for disciplinary reasons.

Due to the potential risks associated with severe allergies in young children, the centre does not use or allow nut products during snacks, meals, art projects, cooking projects or any special event at the centre. Effectively, East End Scholars strives to be an allergen free centre.

Please discuss any special dietary requirements for your child with the centre Supervisor. We will **NOT** serve foods that may contain nuts or other allergens that may affect staff or children in the centre. We do not allow food items such as cookies, crackers, candy, chocolate, etc. in the centre. Parents are advised not to send these types of food and must note that if they do, the food will be disposed of without compensation.

REST PERIODS

In compliance with the Child Care and Early Years Act 2014, East End Scholars Child Learning Centre provides a two-hour soothing rest period for your child. Rest period is approx. 12:30pm-2:30pm.

Each day all children are provided with quiet time to rest and relax. Soft music is played while the children rest on their cots with sheets provided by the center. Children are required to rest on their cots for the entire period, but in the event that a child does not, they will be guided to engage in quiet activities after a short rest period. Children who fall asleep will be allowed to sleep until the end of the rest period as designated on the daily classroom schedule.

Children may bring a small sleep toy/blanket to comfort them and help them rest. Please, no large items (i.e. pillows) due to space restrictions. Toys are not appropriate and may cause distraction to other children who are trying to rest.

ANAPHYLACTIC ALLERGIES

An anaphylactic person is one who has a severe life-threatening allergy. They could experience very strong reactions such as rashes, hives, nausea, vomiting, and diarrhea, swelling of the lips, mouth, tongue and throat, difficulty breathing, and/or loss of consciousness. Please speak with the supervisor before bringing food to the center. Please label the food with child 'name, date food received by the facility and the expiry. Please make sure the food is in the original packaging and if homemade, please provide the list of ingredients. Please speak to the supervisor for Anaphylactic form or Dietary restriction form.

Please ensure that both you and your child's hands and face have been washed with soap and water after eating since even a touch to the skin with a contaminated source could cause a life-threatening reaction.

Please remember to have a spare set of clothing, so that if your child spills food or drink on themselves, we can change their clothes.

CHILD ABUSE REPORTING POLICY

It is the policy of East End Scholars Child Learning Centre to comply with the rules of local licensing and the provincial and federal laws regarding any suspected case of child abuse. All staff members are mandated by law to report any suspected case of child abuse or negligence to the appropriate authorities.

CLASSROOM TRANSITION

As children move to the next classroom, they are given opportunity to visit with the group and their teachers. During these visits, teachers and children are given opportunity to play with the other group, meet the other teachers and be involved with the program.

These visits help to ease the transition from one classroom to another.

PERSONAL BELONGINGS/ DRESS CODE

Children should arrive at the centre in comfortable, easy to launder clothing. While we take every precaution, children can experience accidental spills during planned activities. Each clothing item, including sweaters, jackets, hats, and gloves, must be labeled with your child's first and last name. Please be certain to LABEL ALL your child's belongings to help prevent loss. If items are not labeled we are not responsible if they get misplaced.

"Indoor" shoes are a requirement for each child in the classroom. Only shoes with closed heels with soft rubber soles will be allowed. Hard soled shoes and boots may not be worn in the classroom. Please provide these when enrolling your child.

In case of accidents or spills, we request every child to keep a change of clothes in their cubby. These must also be labeled with the child's first and last name. Parents are asked to replace extra clothing as needed.

CUBBIES: Please clean out your child's cubby in the reception area at the end of your child's week. This is to minimize the potential loss of property.

East End Scholars is not responsible for the loss or damage of any personal items brought to the center.

TOYS FROM HOME POLICY

It is natural that children will wish to carry familiar toys with them and to show friends things which are precious to them. It has been our experience however, that bringing toys from home often creates difficult situations in the centre. Children have difficulty sharing a special toy BUT they have an equally difficult time choosing to put it away instead. Other children may feel upset/anxious when someone else has a special toy and they don't.

We have found that it can also cause unhealthy competition amongst the children – “my ... is cooler than yours” and can be used as a power/control source – “You can't play with my ...”, “You're not my friend”, “if you don't let me have it, you can't come to my birthday”, etc.

We request that children do NOT bring toys from home to the centre but rather, wait for the opportunity for sharing their own things during times when friends visit at home. Items used for transitions and security (comfort toys) such as a blanket or favourite stuffed animal are OK to bring. We appreciate your help and understanding. We also realize how difficult it can be to get out of the house and realize you may need our help in the enforcement of this policy. We are happy to help!

If a child brings a toy from home (other than comfort toy) staff will request that parent takes it with them. If this is not possible the child will be asked to put it in their bag until they are collected.

Neither East End Scholars nor any of its staff or representatives will be responsible for any lost or broken toys that are brought into the centre from a child's home.

OUTSIDE TIME

Weather permitting; the children will be outside for approx. 1 hour in the morning and 1 hour in the afternoon. In order to Please bring the following to daycare:

- **SUMMER:** Hat, sunscreen (SPF 40+), swimsuit & towel, water shoes
- **WINTER:** Hat, mittens snowsuit and indoor shoes or slippers
- **FALL/SPRING:** Splash pants, boots, mittens

Please provide extra clothing in case of accidents.

BEHAVIOUR GUIDANCE/ DISCIPLINE

East End Scholars uses positive guidance and redirection as the primary method of discipline. Physical abuse, humiliation, bribery, verbal intimidation or threatening attitudes towards children are never allowed.

By using encouragement, positive reinforcement, redirection, providing children choices, talking about conflicts and allowing children to verbalize their frustrations, children cope with their feelings and lives in a positive way and learn self-control.

The teachers at East End Scholars strive to achieve acceptable behavior through proper role modeling. Teachers use positive reinforcement to strengthen desired behavior. Teachers provide the child with choices when appropriate, and redirect undesired behavior. Teachers show children how to resolve their conflicts by providing the children with the proper words to use with their peers.

PROHIBITED PRACTICES

Under the Child Care and Early Years Act, prohibited practices are defined as:

- corporal punishment of the child;

- physical restraint of the child, such as confining the child to a high chair, car seat, stroller or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting himself, herself or someone else, and is used only as a last resort and only until the risk of injury is no longer imminent;
- locking the exits of the child care centre or home child care premises for the purpose of confining the child, or confining the child in an area or room without adult supervision, unless such confinement occurs during an emergency and is required as part of the licensee's emergency management policies and procedures;
- use of harsh or degrading measures or threats or use of derogatory language directed at or used in the presence of a child that would humiliate, shame or frighten the child or undermine his or her self-respect, dignity or self-worth;
- depriving the child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding; or inflicting any bodily harm on children including making children eat or drink against their will.

Under no circumstance will corporal punishment be used for behaviour management. As well, the following control techniques are not tolerated:

Inappropriate Verbal Practices:

- Humiliation
- Threatening or Yelling
- Swearing
- Shaming
- Harassment
- Sarcasm
- Discussion of a child within any child's hearing

Lack of Supervision Including:

- Diverted attention for frequent or extended periods
- Leaving children unsupervised, child unaccounted for

EMERGENCY PROCEDURES & SAFETY PRECAUTIONS

You can be assured that your child is protected by an exceptional health and safety program while at East End Scholars. The centre is equipped with a fire and smoke monitoring system with fire extinguishers are placed throughout the building.

Emergency procedure drills are conducted regularly to acquaint the children with emergency procedures to be followed in case of a fire or any other emergency. Records of the drills conducted are kept in the office of the centre Supervisor.

Our playgrounds are designed to be age appropriate and meet the specific developmental needs of each age group. The playgrounds are inspected continuously to ensure the safety of the children.
